The Tailormades are items that we can manufacture for you even in small quantities, completely customized to your needs. Because it is no longer enough to add a logo to a standard article. On the contrary, it has become an art to stand out From the crowd positively and sustainably with one’s own promotional items, and to create a product that suits the company.

With the modularity of our Tailormades, there are virtually no limits to the design of your promotional items. With our lanyards, baseball caps, drop stops and other gadgets, we always offer you promotional items that are produced in very good quality and can be customized for each customer down to the smallest detail. We are constantly expanding our own range of products while orienting ourselves to current trends in the industry.

Tailormades - your benefits:

- Tailor-made products
- Attractive prices and short delivery times through pooling of production facilities
- High quality and high ethical standards
- Special service and personal support From the team
